About Centre for IKS

“IKS” stands for “**Indian knowledge system**”- A treasure trove of Indian’s ancient wisdom blessed blended with today’s innovation. From Ayurveda, Yoga, and Architecture to Astronomy and Arts — IKS connects our roots to our future.

The Centre for IKS at B.K.Birla College is dedicated to reviving the timeless wisdom of ancient India and weaving it meaningfully into modern life. With a vision to help India reclaim its place as Vishwa Guru (World Teacher), the Centre will engage in a broad spectrum of initiatives across key domains such as education, health, and the environment. Through its efforts, the Centre seeks to nurture individuals on a path of holistic growth—empowering them to realize their fullest potential and ultimately, attain self-liberation. By blending traditional insights with contemporary relevance, the Centre aspires to shape a more conscious, balanced, and enlightened society.

About Gurusmaranam 2025

Gurusmaranam 2025- A Tribute to Timeless Wisdom: *"Reclaiming the Spirit of the Guru: Wisdom, Values, and Self-Realization"*

As part of its mission to rekindle the spiritual and intellectual heritage of India, the Centre for Promoting Indian Knowledge Systems is proud to announce Guru Smaranam 2025—a unique series of competitions designed to honour the eternal significance of the Guru in shaping individuals, society, and civilization.

Rooted in the ancient Indian ethos, the Guru is revered not only as a teacher but as a guide, mentor, and light-bearer on the path of self-realization. In the spirit of Guru Purnima, Guru Smaranam 2025 invites students from across the college to reflect on the sacred Guru-Shishya tradition and express their reverence through creativity, scholarship, and introspection

Objective of the Activity

- To instil a deeper understanding of the Guru's role in personal and societal transformation.
- To promote Indian knowledge systems through interdisciplinary engagement.
- To inspire youth to connect with the values of Seva, Shraddha, Jnana, and Dharma.
- To celebrate the living legacy of Gurus—from ancient Rishis to contemporary visionaries.

The Guru Smaranam Project under the Indian Knowledge Systems (IKS) initiative is dedicated to honoring and revitalizing the profound Guru-Shishya tradition that forms the foundation of Bharatiya learning. Through the recollection, documentation, and celebration of revered Gurus and their teachings, this project seeks to preserve the spiritual and intellectual heritage of India, nurturing reverence, continuity, and cultural pride among future generations. As part of our project Guru Smaranam, several classes participated in various activities, and we are compiling pictures from these events.

Let us come together to express our heartfelt gratitude to the guiding lights of our lives. Please refer the link to see the video prepared by the student core committee to express gratitude to our Guru Parampara on the auspicious occasion of Guru Purnima 2025.
